This book is the answer to the question: What is masculinity?. If being a person takes a certain behavior, and if there is behavior to take to be human, what is the code that drives it? What is the human code? For decades, people have been talking about the crisis of masculinity. Our leaders have created a world in spite of the people, a world that refuses to accept them for who they are, and it doesn't care what they want. Our world asks men to change for the better, but what it offers in return is less valuable to them than what their parents and grandfathers had. Representatives of the future world call on men to abandon their old habits and take a new turn. But in what direction does it lead and where does it lead? - TimerText - make an offer, calculate the amount of cargo, we will release the seller's payment only when we have confirmation of delivery.
